MEEaudio.com/ConnectVid

Model: T1M3
Get started:
1. Plug the micro-USB power cable into the micro-USB power port of the Connect.
2. Plug the USB end of the cable into an AC adapter, TV, or computer USB port.

Charge Headphones:
1. Plug micro-USB power cable into the micro-USB power port of the Matrix3.
2. Plug the USB end of the cable into an AC adapter, TV, or computer USB port.
3. Charge for 2 hours.

4. Proceed to Step 2.

Step 1: Power On and Connect
The Connect and Matrix3 are paired and ready to use and will connect automatically once powered on.

1. Slide the ON/OFF switch of the Connect to the ON position.

2. Hold the Multifunction button on the Matrix3 for 3 seconds to power on.

3. A solid blue light will appear on the transmitter to indicate that a connection is established.

4. If no solid blue light appears, perform the pairing procedure below. Otherwise, proceed to Step 2.

Choice A: Optical

1. Remove protective caps from both ends of the digital optical S/PDIF audio cable.

2. Plug digital optical S/PDIF audio cable into the OPTICAL audio input of the Connect.

3. Plug the other end into the TV's headphone jack.

4. Test for sound. Make sure the volume on both your TV and headphones is turned up.

5. Proceed to Step 4.

Choice B: 3.5 mm

1. Plug 3.5 mm audio cable into the 3.5 mm audio input of the Connect.

2. Plug the other end into the TV's headphone jack.

3. Test for sound. Make sure the volume on both your TV and headphones is turned up.

Choice C: RCA

1. Plug red/white ends of RCA audio cable into the TV's red/white RCA AUDIO OUT port.

2. Plug 3.5 mm end of RCA audio cable into the 3.5 mm audio input of the Connect.

3. Test for sound. Make sure the volume on both your TV and headphones is turned up.

Subsequent Use:
When ready to use again, power on the Headphones and they will re-establish automatically.

Tips:
- Do not put the Connect or your headphones into pairing mode.
- A solid blue light on the Connect will indicate that a connection has been re-established.

**LED INDICATOR LIGHTS**

The status of the Connect is shown by a green power / charging indicator light on the rear of the unit and two blue indicator lights on the top as follows:

<table>
<thead>
<tr>
<th>INDICATOR LIGHT</th>
<th>CONNECT STATUS</th>
</tr>
</thead>
<tbody>
<tr>
<td>USB Power plugged in, green power indicator light solid</td>
<td>Battery full</td>
</tr>
<tr>
<td>USB Power plugged in, green power indicator light pulsing slowly</td>
<td>Charging</td>
</tr>
<tr>
<td>USB Power not plugged in, green power indicator light solid</td>
<td>Powered on</td>
</tr>
<tr>
<td>USB Power not plugged in, green power indicator light blinking rapidly</td>
<td>Low battery</td>
</tr>
<tr>
<td>Blue light blinking</td>
<td>Pairing mode active</td>
</tr>
<tr>
<td>One solid blue light</td>
<td>One Bluetooth device is connected</td>
</tr>
<tr>
<td>Two solid blue lights</td>
<td>Two Bluetooth devices are connected</td>
</tr>
</tbody>
</table>

**OPTIONAL: PAIR WITH 2ND BLUETOOTH HEADPHONES**

A second set of Bluetooth headphones can be paired after one is already connected.

1. Put the second headphone in pairing mode.

![Pairing button](image)

2. Once the headphones are in pairing mode, click Pairing button “B” once to put the Connect in pairing mode.

![Blinking blue light](image)

**FACTORY RESET/CLEAR MEMORY**

To perform a factory reset of the Connect, power on the Connect and hold Pairing button “A” for approximately 5 seconds until the blue indicator light stops blinking.

**PAIRING WITH OTHER DEVICES**

The Matrix3 can be used as a headset when connected to phones and tablets. It will first need to be paired with each device. To pair the Matrix3 with a new device, put it in pairing mode by holding the Power / Multifunction button for about 5 seconds until the status indicator light begins to flash red and blue in an alternating pattern and the headphone says ‘Ready to Pair’.

Open the Bluetooth Settings menu on your device and turn on Bluetooth. Select ‘Search for Devices’ or ‘Refresh’ if your phone or tablet does not automatically search for new devices. Select ‘MEE audio Matrix3 LL’ on the screen of your device and follow any further prompts to pair. Once connected, the status indicator light on the Matrix3 will turn solid blue.

**FRONT VIEW**

- **Left Earcup:**
  - 3.5mm audio jack
  - Charging indicator light
  - Micro-USB charging port

- **Right Earcup:**
  - Volume Up / Skip Track button (Hold 1 sec)
  - Volume Down / Previous Track button (Hold 3 sec)
  - Power On / Off
  - Multi-function button (Hold 2 sec)

**CONTROLS WITH PHONES AND TABLETS**

The headphone controls on the Matrix3 are located on the right earcup.

- **Volume Up / Skip Track button (Hold 1 sec):**
  - Increase volume and play track

- **Volume Down / Previous Track button (Hold 3 sec):**
  - Decrease volume and play previous track

- **Multifunction button (Hold 2 sec):**
  - Power On / Off
  - Play / pause (during media playback*)
  - Answer Incoming Call
  - End call (during phone call)
  - Get status update

- **Microphone**

- **Earcup**

**SAFETY AND CARE**

- Battery performance may be severely decreased when stored in extreme temperatures: below -10°C/14°F or above 45°C/113°F including direct sunlight.
- Lifetime of the battery will be significantly reduced if your device is not charged for a long time. It is recommended to charge your device at least once a month.
- Clean with a soft, slightly damp cloth.
- Do not use chemical cleaners.
- There are no user replaceable/reparable parts in this device. Disassembling it will void your warranty.

**PAIRING WITH OTHER DEVICES**

The Matrix3 can be used as a headset when connected to phones and tablets. It will first need to be paired with each device. To pair the Matrix3 with a new device, put it in pairing mode by holding the Power / Multifunction button for about 5 seconds until the status indicator light begins to flash red and blue in an alternating pattern and the headphone says ‘Ready to Pair’.

Open the Bluetooth Settings menu on your device and turn on Bluetooth. Select ‘Search for Devices’ or ‘Refresh’ if your phone or tablet does not automatically search for new devices. Select ‘MEE audio Matrix3 LL’ on the screen of your device and follow any further prompts to pair. Once connected, the status indicator light on the Matrix3 will turn solid blue.

**SAFETY AND CARE**

- Battery performance may be severely decreased when stored in extreme temperatures: below -10°C/14°F or above 45°C/113°F including direct sunlight.
- Lifetime of the battery will be significantly reduced if your device is not charged for a long time. It is recommended to charge your device at least once a month.
- Clean with a soft, slightly damp cloth.
- Do not use chemical cleaners.
- There are no user replaceable/reparable parts in this device. Disassembling it will void your warranty.

**WARNINGS**

- To prevent fire or shock hazards, do not expose this unit to rain or moisture. If the device comes in contact with liquids, quickly wipe away. If submerged in water, do not turn the device on until completely dried. Note: liquid submersion voids the warranty.
- Danger of explosion or fire if batteries are damaged. Keep away from direct sunlight, naked flames, flammable gasses, or heat sources such as radios or stoves.
- Only use attachments/accessories specified by the manufacturer.
- Changes or modifications to this unit not expressly approved by MEE audio could void the user’s authority to operate the equipment.
- Keep the device and packaging out of reach of children.

**DISPOSAL AND RECYCLING**

Dispose of this product in accordance with all local laws and regulations. Because this product contains electronic components and a battery, it must be disposed of separately from household waste. Contact local authorities to learn about disposal and recycling options.

**WARRANTY**

MEE audio products purchased from authorized resellers are covered by a 1-year manufacturer warranty. For more information, visit MEEaudio.com/support

**POWERED BY**

Bluetooth 

**COMPLIANCE INFORMATION**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**FCC RULES**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Relocate the receiving antenna.
- Increase the separation between equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**DISPOSAL AND RECYCLING**

Dispose of this product in accordance with all local laws and regulations. Because this product contains electronic components and a battery, it must be disposed of separately from household waste. Contact local authorities to learn about disposal and recycling options.
